

# Youth Running

The Youth members of the club have been active, either running for their Junior High School and High School track teams and/or participating in many road races. Youth workouts started in late April on Monday's and Thursdays at Nashua High School. Now that their school track program is over, many of them will be participating in a series of Youth track meets. They will compete in The Amherst meet on June 8th, the USATF-NE Junior Olympic Meet Bryant College on June 15th and the Region 1 USATF Meet on June 22nd and 23rd at Long Island.
